Cart Brinly-Hardy 650 lb. capacity, 10 cubic foot poly

Model PCT-100BH Rev: L

Pack Code 2869

\$100 OBO

Steel frame & durable poly bed won't rust, dent, or wear out

Steep dump angle & hands-free foot pedal make unloading easy

Large 15" x 6" pneumatic castle-tread tires for added strength

Great shape, just needs to be cleaned up a little & tires pumped up

Brinly's 650 lb. capacity, 10 cubic foot poly cart handles loads of firewood, topsoil, and more with ease. Attach the PCT-101BH lawn cart to your riding lawn mowers and small tractors to save time and your back.

It's the one and only utility cart on the market made of one-piece, heavy-duty compression-molded polypropylene, making it the longest lasting, most durable poly dump cart you'll own. The thick poly bed won't dent or rust, and its durable powder coated steel frame and large 15" x 6" pneumatic turf tread tires provide a strong foundation for years of dependability.
